4th Grade Social Studies
UNITED STATES HISTORY – Year 2: Revolution to Reconstruction

In fourth grade, students continue with year two of a three year study of United States history in which all four strands (history, geography, civics/government, and economics) are integrated. Students begin the year learning about the French and Indian War and end with the Reconstruction period. The geography strand emphasizes the influence of geography on U.S. history during these same time periods. In the civics/government strand, students learn about concepts and rights contained within our founding documents. The economic strand uses material from the history strand to deepen understanding of economic concepts.
