COVID-19

Some people are getting sick with the coronavirus / COVID-19.

People with COVID-19 may get a fever, cough and feel tired.

Older people, not kids, have been getting sick from COVID-19.

Sick people can be tested to check if it is COVID-19.

Sick people can go to the doctor to feel better.

Sick people will stay away from other people so they don't spread germs.

Most people with COVID-19 will feel better in a couple weeks.
Stopping Germs

We want as many people as possible to stay healthy.

How can we stay healthy? By stopping germs!

It is important to use soap to wash our hands.

Wash your hands for 20 to 30 seconds to wash away germs.

When we can't wash our hands, we can use hand sanitizer.

Also, try not to touch your face.

I can stop germs!
COVID-19 Closures

Some schools and places might close to help prevent germs from spreading.

People in charge will decide what is best for my community.

They want to keep everyone healthy!

If my school is closed, I can do school work at home!

My parents, teachers, and trusted adults will let me know if places close and when we can all go back.

I will go back to school when the COVID-19 germs are gone!
